## REGULAR MEETING OF CHAMBER OF COM.

### NO RECOMMENDATION FOR THE YACHT CLUB.

### TALK OF THE FALL FESTIVAL

#### F. H. McElfresh Tenders His Resignation As Chairman of Festival Committee; One New Member Elected.

There was some dissatisfaction expressed at the Chamber of Commerce meeting Friday evening of last week over the fact that the names of some merchants were placed on the Fourth of July program, so long as the list did not include all of the business men.

The matter was explained that those in charge made up the list in a hurry, and when they had enough donations to cover the list of prizes to be offered for the sporting events the work was discontinued. The matter was adjusted satisfactory to those present.

Wm. C. O'Connor reported for the committee having charge of the matter of purchasing a trophy cup for the Newport Yacht Club, reported that the committee favored the purchase of the cup.

Judge C. W. Warner said that he did not think yacht races would be of sufficient interest to the citizens of Huntington Beach, so long as no boats could be landed here, to warrant the expenditure of that sum of money. On motion of M. A. Turner, seconded by Judge Warner, the matter was laid on the table and the committee discharged with a vote of thanks.

A report of the Memorial Day celebration was rendered by Mr. O'Connor and accepted.

The treasurer was instructed to appear before the city trustees and ask them to pay a lumber bill of \$37 for material for the construction of the band stand, which has been due for several months.

F. H. McElfresh, chairman of the committee having charge of the Community Fall Festival to be held in Huntington Beach late in September or early in October, asked to be relieved, stating that the position would require more time than he could spare for the work.

Mr. O'Connor stated that there should be a paid secretary, as there would be work enough for a while to keep someone busy.

The matter of asking the city trustees and the board of supervisors for donations for the Fall Festival was discussed.

The secretary was instructed to write Hon. S. Inui and the other Japanese who assisted in the Fourth of July celebration, and express the appreciation of the Chamber of Commerce for their services.

B. S. White was elected as a member of the Chamber of Commerce.

### GLEN MILLER IS NOW AN ARMY OFFICER.

Glen I. Miller arrived in Huntington Beach, Wednesday, to visit with his parents, Rev. and Mrs. W. L. Miller, who are occupying their summer home on Third street. Glen enlisted in the coast artillery a few days after war was declared, in April of last year, and is now a second lieutenant. He is on his way from Ft. Monroe, Va., to Honolulu, and left today for San Francisco, where he will remain 20 days before sailing.

### DR. S. G. HUFF RESIGNS FROM SCHOOL BOARD.

### E. R. BRADBURY APPOINTED TO FILL VACANCY.

Dr. Samuel G. Huff, president of the High school board, tendered his resignation to County Superintendent R. P. Mitchell, Tuesday, with the request that it be accepted immediately, so that his successor could be appointed and qualify at the board meeting this (Friday) afternoon.

Mr. Mitchell appointed Edward R. Bradbury, of the firm of Bradbury, Miles & Co. of Wintersburg, to fill the vacancy caused by Dr. Huff's resignation, Wednesday, and became an active member of the board today. The appointment of Mr. Bradbury meets with general approval, as he has been interested in school work for several years, being a member of the board for Ocean View district at the present time. He was a member of the High school board when he resided in Huntington Beach prior to moving to Wintersburg.

Dr. Huff stated at the last meeting of the board that he had been trying to quit the board for two or three years, but his friends had insisted on his remaining. He is the senior member of the board, and has served the district for more than 10 years, and has probably taken a more active interest in school affairs than any man who has served as a member since the formation of the school district, and is one of the most highly respected men in this section of Orange county.

### THE REAL FISHERMEN ARE COMING HERE NOW.

### GOOD RUN OF SURF DURING THE PAST WEEK.

D. W. Huston, official fish reporter, states that the real fishermen now have Huntington Beach on their itinerary, and are making regular visits to this city and enjoying the sport.

Huntington Beach is fast becoming known as one of the good fishing points on the Southern California coast. There is now but one feature that is apparently lacking, and that is for someone to induce the mackerel to place Huntington Beach on their itinerary. There were some mackerel looked in here for a few days last year, but so far the big schools that swarm the waters in the vicinity of Redondo do not swim down this way—that is, if they do they steer clear of the pier.

### BANDINI DEAR WRITES FROM CAMP MERRITT.

### EXPECTS TO SOON BE ON FRENCH SOIL.

Mr. and Mrs. Parker Dear of Alhambra, who are spending the summer in their cottage on Eighth street, received a letter Tuesday from their son, Bandini, written from Camp Merritt, N. J. He states that there were 38,000 men transferred from Camp Lewis, Tacoma, Wash. The Liberty Boys have all exchanged their money for French coin or currency, which indicates that they will soon be, if not already, on the Atlantic bound for France.

Bandini states that Camp Lewis is so much superior to Camp Merritt that there is little comparison. He is first sergeant of a machine gun company.

### BLAZE AT BLACKSMITH SHOP MONDAY NOON.

### NO ONE IN THE PLACE AT THE TIME.

The blacksmith shop of C. A. Creamer on Third street narrowly escaped being destroyed by fire Monday while the employees were out at the noon hour. Shortly before leaving the shop at noon a piece of hot iron flew over on the ground against one of the walls, and it was supposed that the fire had been extinguished before leaving. Miss Muryle Reed, Wesley Reed and Earl Miller put out the fire before the arrival of the fire apparatus, after an alarm had been turned in.

### COOKED FOOD SALE SATURDAY, JULY 27th.

### IN BOOTH AT THE METHODIST CHURCH.

The ladies of the Methodist church will conduct a cooked food sale from the booth at the church, Saturday, July 27, beginning at 10:30 o'clock.

## PALESTINE LECTURE IS MUCH APPRECIATED

### IN BAPTIST CHURCH SUN- DAY EVENING.

### TO BE GIVEN AGAIN SOON

#### Rev. E. M. Cobb Talks On Holy Land To Large Audience; Will Be Here Again For Week, Beginning Aug. Fifth.

The lecture given in the Baptist church Sunday evening on Palestine by Rev. E. M. Cobb was deeply appreciated by a large audience. The talk Sunday night was a return engagement, on account of the trouble with the lights the previous Sunday night. Rev. Cobb lectured in the church the entire week, and his meetings were all largely attended, and much satisfaction has been expressed by those who were fortunate enough to have heard his talks.

At the close of the talk Sunday, Rev. C. Carey Willett, pastor of the church, asked those who desired a return engagement of a week to raise their hands, and the result was that Rev. and Mrs. Cobb will be here again for the week beginning August 4th—at least, that was the tentative arrangement made at that time.

Rev. Cobb visited the Holy Land in 1902, and has been delivering his Stereopticon Travelogues all over the country since that time, to appreciative audiences. He is also a revivalist. A novel feature of his meetings is that the songs used for the services are flashed on the screen from the picture machine. The stereopticon is operated by Mrs. Cobb.

Rev. Cobb stated that he and Rev. Campbell, an Indiana pastor, made the trip to Bible land together, and Rev. Campbell loaded up with guide books, but Rev. Cobb said he intended to carry nothing but the Bible. Before they had gone very far after landing at Jaffa, Rev. Campbell was ready to admit that the best guide book was the Bible, and all others were discarded.

In showing the hotel in Bethlehem where the Savior was born, Rev. Cobb threw a new light on the fact that the Jesus was born in a manger. According to history, the Roman Emperor had issued an order to all persons to register in the town in which they were born on a certain day. This order accounted for the presence of Joseph and Mary in that city on this occasion. They found the hotel accommodations all taken, and were compelled to lodge in the basement of the big hotel, which was built on a side hill and used for a livery stable.

The Dead Sea, he said, was 56 miles long and 15 wide and was 1300 feet below sea level, being the lowest known depression on the globe. The water is so salty that it cannot be sounded, although a depth of more than 1000 feet has been recorded. There are absolutely no signs of life on the shores—not a blade of grass, tree nor shrub. No craft are to be seen on the lake, as the storms are so terrific that there is danger of being lost if one ventures far from shore. The Jordan and six other rivers pour their waters into this uncanny body of water, and there is no visible outlet. It is therefore evident that the process of evaporation is probably greater than at any other place in the world. The water is 23 1/4 per cent salt, about the same as at Salt Air beach, near Salt Lake City, Utah, while the ocean is but 3 1/2 per cent salt.

There was one person in the audience Sunday evening who appreciated Rev. Cobb's talk more than anyone else possibly could, and that was Mrs. Harriet L. R. Grove of Orange avenue, who had the great pleasure of visiting Palestine two years before Rev. Cobb was there.

There is no charge for admission at Rev. Cobb's lectures, but free-will offerings are taken at the close.

### THREE INJURED MEN SLOWLY IMPROVING.

Dr. A. F. Griffith, A. J. Young and Simon P. Robertson, the three men who were injured in an automobile accident on Main street about three weeks ago, are improving very slowly. Mr. Young is reported as being in a serious condition, and Dr. Griffith and Mr. Robertson have difficulty in getting around. Dr. Griffith was in Santa Ana, Monday, for treatment.

Merle Moore and Beatrice Barnick have been designated as heads of their respective classes.

Special mention should be made of Miss Jennie Ufford, who has a delightful voice, and Miss Reed, who played entirely by ear when she entered the conservatory; Kenneth Glen for the manly way in which he carried the flag at the head of the class in the march, and Beatrice Barnick, when the time she has been studying music is considered.

However, the honors of the pleasant occasion must go to Evelynne Alice Wupperman, who displayed great ability at the piano, indicating that she is a natural musician. She is a daughter of Mrs. Mary A. Wupperman of Yuma, Arizona, who is spending the summer here. She is a granddaughter of Mrs. Alice Gerber of Lake street.

### TEN YEARS AGO

The Following Items Appeared In the Huntington Beach News of July 10, 1908.

The Fourth of July celebration was a great success. The crowd was a big one, and the program was carried out to perfection and pleased everybody. There was one unfortunate accident. The horses being driven to the tandem by Mrs. A. B. Sholly became frightened by the applause that greeted the beautiful float, and the exploding firecrackers, and ran away, throwing Mrs. Sholly to the pavement, being severely bruised and shaken up. S. L. Blodgett was marshal of the day and rode a prancing steed, his assistant being J. W. Walker. The first float contained Miss Maude Stewart, representing the Goddess of Liberty, attended by thirteen young ladies representing the original thirteen states. North Carolina was represented by Miss Emma Sorenson; South Carolina, Miss Sophie Sorenson; Georgia, Miss Eulalia Reed; Virginia, Miss Hallie Walker; New Jersey, Miss Florence Walker; Delaware, Miss Rose Peake; Pennsylvania, Miss Vada Reynolds; New Hampshire, Miss Delta Ross; New York, Miss Welsey Ross; Massachusetts, Miss Florence Howard; Rhode Island, Miss Annie Morse; Connecticut, Miss Nora Perrine; Maryland, Miss Marie Osterhaus.

### NOTICE TO ALL USERS AND SELLERS OF SUGAR, HOUSEHOLDERS ONLY EXCEPTED.

Owing to the sugar shortage the United States Food Administration has decided to ration sugar to all bakers, public dining places, and under this head is included all public eating places, hotels, restaurants, boarding houses, dining cars, boats, clubs, buffets, caterers, institutions (city, county, state or federal), hospitals, private canteens, internment camps, and all similar eating places, and boarding houses or householders serving regularly twenty-five persons or more, all jobbers, wholesalers and retailers of sugar.

All members of these trades who have not already signed their statements and secured their certificates (so far this has only been done by manufacturers and not all of them have done so) should go to C. S. Crookshank, County Food Administrator, at his office in Room 3, First National Bank Building, Santa Ana, Cal., at once and do so; for, effective July 10th, all dealers will be prohibited from selling sugar except when certificates are presented. And all persons who have failed to make their statements and secured their certificates by July 15th will be unable to get certificates of sugar for the balance of the year.

When grocers file their statements they should have with them whatever canning certificates they have on hand. These will be used as a basis for allotting them their first supply of sugar for sale to home canners. Those slips must be properly listed and added when presented to the County Food Administrator.

If a dealer is both a grocer and a baker he must file separate statements covering each department. The same is true if he has a lunch or restaurant department.

### Mitchell-Shaw Wedding.

There was a charming home wedding at the residence of Mr. and Mrs. Lin L. Shaw of 1025 West Fifth St., Santa Ana, at 8 o'clock Friday evening of last week, when their daughter, Miss Marjorie Shaw, and Louis E. Mitchell were united in marriage by Rev. P. S. Schrock, pastor of the Congregational church. The groom is a son of Mr. and Mrs. J. W. Mitchell of Huntington Beach, and is a member of the officers' training camp at Camp Fremont. The ceremony was witnessed only by relatives of the bride and groom. The home was very artistically decorated for the happy occasion, a profusion of feathery Scotch broom and cool ferns being used in the large living room, where the ceremony took place, Rev. Perry F. Schrock being the officiating clergyman. In the dining room the Stars and Stripes were used, in honor of war times and the soldier groom. The bride wore a beautiful gown of white silk and Georgette and carried a shower of lovely Bride roses and lilies of the valley, making a very pretty picture as she stood by the side of the groom wearing Uncle Sam's uniform. As the bride and groom entered and took their places, the bride's uncle, Henry R. Bristol from Owensmouth, played Lohengrin's wedding march, the rites being witnessed only by immediate relatives of the young couple. Following a shower of hearty congratulations to Mr. and Mrs. Mitchell, delicious buffet refreshments were served, a beautiful wedding cake being apportioned among the guests. The bridal couple were the recipients of many beautiful and costly wedding gifts.

His step is firm and active and his voice is strong and clear, being apparently younger than some men at half his age. Mrs. Haney is about 90 years old. Rev. and Mrs. Haney were married in 1849, the year gold was discovered in California, and Rev. Haney was born in 1824, the year that John Quincy Adams was elected president by the House of Representatives.

## Implement Sheds—Implement Sheds

All over the country the farmers are taking to heart the advice of Secretary of Agriculture Houston to build sheds to protect their farm implements.

The marked advance in prices of all agricultural implements has at last proved to the farmer that to leave any machinery out in the weather is simply

throwing good money away.

We would be pleased to have you call and let us show you what we have to build this shed.

Perfidy of an inferior quality, such as manages to evade

THE LADY FROM MONTANA.

Miss Jeannette Rankin, who holds the record for having been  
the first woman to occupy a seat in the National House of Repre-  
sentatives at Washington, D. C., will establish another precedent  
next November, when she will be elected as a United States sena-  
tor from Montana, the state which she now has the honor of repre-  
senting in the lower house.

Miss Rankin has announced that she will be a candidate for  
the senate at the fall election, and there appears to be but little  
doubt but what she will be successful, although Montana of recent  
years has been a Democratic state, politically speaking, and Miss  
Rankin is a Republican. In 1916 President Wilson carried Mont-  
tana by a large majority, and Miss Rankin defeated her Democrati-  
c opponent by a handsome margin. The labor unions are a power-  
ful influence in Montana politics, and Miss Rankin is popular  
with these organizations, as she is with those in charge of the  
equal suffrage and prohibition movements, which makes her elec-  
tion reasonably certain. Therefore, it will not be long before the  
presiding officer of the senate will be recognizing "The Lady From  
Montana."

TWO READERS.

Books we talked about and education. It was her duty to  
know something of these and of course she did. Perhaps I was  
somewhat more learned than she; but I found that the difference  
between her reading and mine was like that of a man's and a wo-  
man's dusting a library. The man flaps about with a bunch of  
feathers; the woman goes to work softly with a cloth. She does  
not raise half the dust, nor fill her own eyes and mouth with it—  
but she goes into the corners and attends to the leaves as well as  
the covers. . . A woman of the right kind reading after a man  
follows him as Ruth followed the reapers of Boaz, and her glean-  
ings are often the finest of the wheat.—Holmes.

The longest novel known is that of a Japanese author by the  
name of Kiong Te Bakin. He commenced writing on this novel in  
1852 and worked on it over fifty years. In its printed form it con-  
sists of 106 volumes averaging 1,000 pages each, and weighing 130  
pounds to the set.

News of Wintersburg

Walton-Houser Wedding.

A quiet wedding that has attracted  
considerable attention occurred at the  
Methodist church in Westminster,  
Wednesday of last week, when Charles  
Berton Walton of Westminster and  
Miss Linnie Houser of Smeltzer were  
united in marriage by Rev. Henry  
Roissy, pastor of the church. The  
bride and groom are both popular  
young people of this section. The  
bride is a daughter of B. F. Houser of  
Shafter, Cal., and has resided at  
Smeltzer for four years, where she  
has been a faithful and efficient op-  
erator in the central office of the  
Smeltzer Home Telephone and Tele-  
graph Co. She was the Wintersburg  
correspondent for the News for two  
years. The groom was also in the  
employ of the company, being trouble  
man for the past year. He left Thurs-  
day evening for San Diego, where he  
entered the naval reserve training sta-  
tion. Mr. Walton is a native son of  
this district, having been born in  
Westminster 21 years ago, being the  
son of Mr. and Mrs. J. H. Walton, one  
of the pioneer families of this vicin-  
ity.

From Visalia.

Mr. and Mrs. Ernest Dye and family  
of Visalia arrived at the home of Mr.  
and Mrs. A. J. Young, Friday of last  
week. Mrs. Young and Mrs. Dye are  
sisters. Mr. and Mrs. Dye have gone  
to Huntington Beach, where they will  
remain for two months. They have  
a fine alfalfa ranch near Visalia, and  
have 50 milch cows. Miss Mabel and  
Miss Della Young, daughters of Mr.  
and Mrs. Young, who have been in  
Pasadena for several months, were  
visitors Friday night, being accompa-  
nied by Miss Leta Burston. Mr.  
Young motored to Pasadena, Wednes-  
day, after Miss Mabel, and she will be  
at home for most of the summer, but  
Miss Della has not finished her teach-  
ing yet, and will remain in Pasadena  
for some time.

A Remarkable Family.

P. A. Isenor of this district is a  
member of a remarkable family. His  
parents are Mr. and Mrs. John Isenor  
of Halifax county, Nova Scotia. His  
mother is 97 and his father 95 years  
of age. Mr. and Mrs. Isenor reside  
on a farm and are hale and hearty for  
their age. Mr. Isenor of this place is  
the youngest member of the ten chil-  
dren that have been born to Mr. and  
Mrs. Isenor, and he will soon be 54  
years old. Albert Isenor, who is in  
France, writes that he is well.

Birthday Anniversary.

The anniversary of the birth of  
Miss Floateal Crane, daughter of Mr.  
and Mrs. Geo. B. Crane, was cele-  
brated at the home of Mr. and Mrs.  
Charles Graham of Puente, sister and  
brother-in-law of Miss Crane, Wednes-  
day evening. Mr. and Mrs. Crane,  
Miss Mary and S. J. Crane were pres-  
ent.

Good Prospects.

H. Woodington, superintendent of  
the Golden West ranch, the largest  
growers of limas in this section of the  
valley, reports good crop prospects.  
There are 720 acres of beans on the  
ranch this year. There will be 20  
acres of celery, and the planting will  
begin next week.

Return From Bear Lake.

Mr. and Mrs. W. E. Gerhart return-  
ed Thursday of last week from a vaca-  
tion of two weeks at Big Bear Lake,  
and report a delightful time. They  
caught the limit of fish on several oc-  
casions, and brought home some fine  
ones, which they gave to their friends.

Visited Catalina.

Miss Ethel Graham, Miss Eunice  
Stockton, Miss Eva Murdy, John Mur-  
dy, Loren Maddux, Frank Draper and  
Raymond Beam of this section and  
Miss Jennie Ufford of Huntington  
Beach composed a party that visited  
Catalina Island on the Fourth of July.

with relatives in the vicinity of Fresno  
and Sacramento, the trip being made

## H. B. PRODUCE ASS'N. ORGANIZED THURSDAY

GROWING OF CABBAGE IS  
PRIMARY OBJECT.

MEET AGAIN TUESDAY NIGHT

Articles of Incorporation and By-Laws Read and Amended; Organization To Be Completed Next Tuesday Night.

There was an enthusiastic meeting of growers in the basement of the public library building Thursday night for the purpose of organizing an association of those who have decided to grow winter cabbage in this district.

The meeting was called to order by Wm. C. O'Connor, field man for the Randolph Marketing Co. of Los Angeles, who stated the objects of the meeting, and said that the first order of business would be the election of a temporary president and secretary. Mr. O'Connor was chosen as the temporary presiding officer and Earl Farrar temporary secretary.

Mr. O'Connor read the articles of incorporation, and later they were read by sections and discussed and amended.

The first item considered was that of a name for the association. James M. Haptonstall suggested the Peatland Produce Association, saying that he only suggested it to get the question before the meeting. Mr. O'Connor and City Attorney Alex. P. Nelson, who is the legal adviser of the association, thought it would be well to have a name that suggested the locality, but Huntington Beach was such a long name that it was cumbersome. W. T. Vandruft suggested the name of H. B. Produce Association, and his suggestion was adopted by a rising vote.

The association will be governed by seven directors, that number being decided upon on motion by Mr. Vandruft, seconded by Chairman of the Board of Supervisors T. B. Talbert. The life of the organization extends over a period of 50 years.

There was considerable discussion over the matter of representation, as to whether any member should have more than one vote owing to the fact that he might have a larger acreage than some other member. The articles as written allowed one vote for each five acres marketed through the association. J. P. Hanson said the membership fee was the same, and he could not see why the representation should not be equal in every other way. Mr. Talbert was strong for equal voting privileges. Mr. Vandruft moved that each member be allowed one vote, and this prevailed unanimously, after being seconded by Mr. Haptonstall.

The time of the annual meeting was fixed for the first Thursday in August at 10 a. m., at the suggestion of Chris Nelson. The directors' meetings will be held on the first Thursday of each month, in the evening, which was suggested by Sam Gisler.

After the by-laws had been read, Mr. Farrar suggested that it would be better to have the articles of incorporation and by-laws rewritten before they were signed, and it was decided to hold another meeting next Tuesday evening, at 8 o'clock, which, George Coker said, was about as early as ranchers could arrive.

Mr. O'Connor stated that The Randolph Marketing Co. would handle all the cabbage grown on a commission of \$3.50 per ton for stock selling for \$20 or under per ton, and \$4.50 per ton for cabbage selling for \$20 to \$30, and \$5 per ton when more than \$30 is realized by the grower. He also said that the growers here had the option of affiliating with the Orange County Produce Association or organizing independently. The county organization, with headquarters at Fullerton, operates 12 packing houses at various points in the county, and it was decided to have a representative of that association present next week.

Those attending the meeting were: T. B. Talbert, W. T. Vandruft, J. P. Hanson, W. E. Griffith, Earl Farrar, Sam Gisler, George Coker, J. J. Courreges, J. M. Haptonstall, Chris Nelson and G. Schaaf.

### MEETING OF W.C.T.U. EXECUTIVE COMMITTEE.

ADDRESS BY STATE PRESIDENT,  
MRS. IRVINE.

The all-day meeting of the county executive committee of the Woman's Christian Temperance Union, held in the Christian church Wednesday, was one of the most interesting meetings of the committee held for some time.

The morning session convened at 9 o'clock, and the afternoon at 2 o'clock. There were two numbers on the program allotted to Huntington Beach, and were given by Mrs. Harold H. Campbell and Mrs. Harry A. Bowman, being a reading and vocal solo by these well-known women in their usual interesting and entertaining manner.

The address of the day was given by Mrs. Stella B. Irvine of Riverside, state president, who reviewed the past year's work of the Union in a refreshingly interesting way. Mrs. Irvine stated that there had been seven field kitchens established in Southern California, and two stereomicrographs and two hospital fans had been purchased. There has also been 6000 comfort bags furnished by the Union of this district.

When the national president was informed of the good work, she was surprised, and remarked that but six field kitchens had been promised by the National Union. This is a splendid showing for this noble organization, and those in charge may well feel elated over the creditable showing of the past year's efforts.

Fine wedding and birth announcements printed at the News office.

## "CARMEN OF THE KLONDIKE" SATURDAY NIGHT

"The Gown of Destiny" For Sunday Night.

"THE CINDERELLA MAN" NEXT THURSDAY NIGHT.

Saturday, July 13th.

"Carmen of the Klondike" is a most unusual picture, written by Monte M. Katterjohn, and will be shown at the Princess theatre Saturday evening.

The story, which is replete with tense dramatic scenes and stirring situations keyed with suspense, is laid in the Klondike mountains of Alaska during the days of the gold rush. Miss Williams plays the part of "Dorothy Harlan," a former vaudeville favorite, who is daring the wilds of the north to join her lover, who is striving to make the profession of attorney thrive in the settlement town of Skawag, where laws are made and broken by the brutal strength of men.

At the opening of the story, Dorothy meets on the boat to Alaska, "Silk McDonald," a dance-hall owner and a dominant figure in Alaska. She repulses his attentions, but in a rage he threatens her safety. "Silk" makes good his threats even to a greater extent than Dorothy had feared. Soon after she arrives in Skawag, the gold rush is started in the Peel River country and "Cameron Stewart," Dorothy's fiancé, unaware that she is within thousands of miles, leaves with a frenzied crowd of miners for the snow-bound regions of the mountains.

In the backwoods, Stewart encounters hardship and treachery at the hands of McDonald's accomplices and even from McDonald himself, who badly injures Cameron in a fight and rushes ahead to civilization to jump his claim. Back in Skawag, Dorothy, discouraged with life, is shown as under the impression that Stewart has been untrue to her and is living the despised life of a dance-hall girl. When McDonald comes in from the mining country she meets him again and there is a surprise point which comes as a shock to both McDonald and Dorothy herself. The climax shortly follows this incident and is one of the strongest which has ever been used in a drama of the screen.

The part of "Cameron Stewart" is portrayed by Edward Coxen, and Herschell Mayall impersonates the character of "Silk McDonald." Joseph J. Dowling, the estimable character actor, does some wonderful work in the picture as "Salaratus Joe," an old enemy of McDonald's, who is seeking revenge but lacks the courage to seek it.

"Carmen of the Klondike" is a Sellexart production and was staged under the direction of Reginald Barker. Sunday, July 14th.

"The Gown of Destiny"—The great disappointment to one unfitted for an active part in the great war, and how he did his bit is well worth while.

A Triangle Keystone "In Wrong Wright."

Thursday, July 18th.

Mae Marsh, the quaint star of the screen, will appear in her third Goldwyn Picture, "The Cinderella Man," from Oliver Morosco's famous stage success by Edward Childs Carpenter, at the Princess theatre Thursday evening.

The wistful appeal of Mae Marsh, known wherever motion pictures are shown, finds remarkable opportunity in the strong human interest situations of Mr. Carpenter's moving story. Ever the "girl of a thousand faces," it is another Mae Marsh who awakens heart throbs in "The Cinderella Man," than the Mae Marsh who is delighting the nation in her two preceding Goldwyn productions, Margaret Mayo's classic of the big top, "Polly of the Circus," and "Sunshine Alley," from the story by Mary Rider. The amazing versatility of Miss Marsh which changes her characterization so radically from play to play, makes "The Cinderella Man" quite as refreshing as anything she has ever done.

Edward Childs Carpenter, author of this latest Mae Marsh vehicle, is also the author of "The Pipes of Pan" and of "The Three Bears," both current Broadway successes. "The Cinderella Man," in stage form, was one of the biggest hits of the New York season, during its long run.

Marjorie Caner, an American girl living in Italy, is the heroine of "The Cinderella Man." Her mother has for some years been living apart from her husband, Morris Caner, who is one of the most powerful capitalists operating in New York's financial district; and when her mother dies Marjorie is sent over to America to meet a father she has never known before.

She finds him a gruff millionaire living the life of a bachelor in a great mansion, with but three friends, his lawyer, Romney Evans; his physician, Dr. Thayer, and William Sewall, a celebrated musician and composer. He is quite indifferent to his daughter, and rather anxious for her to be married off that she may not bother him.

whom she innocently has brought home with her from Italy. Only the three old friends will otherwise. They conspire to gratify her desire for romance and at the same time marry her off to some one who deserves to get her.

It so happens that at the other end of the block, in the garret of an old ramshackle house, lives Anthony Quintard, a young poet of great genius, who has not yet arrived. He really comes of good family, but has refused the assistance of his uncle proffered through Romney Evans, because he believes his money is tainted. He has met Marjorie by accident, and she likes her quite as much as she likes him, which is to say, a great deal.

When Christmas arrives, Romney reminds Marjorie that young Quintard is going to have a rather cheerless time of it in his garret, so Marjorie and the three friends of her father, undertake to carry lots of good cheer over the snow-covered roofs to the garret during Quintard's absence.

Through a combination of circumstances Marjorie is caught by Quintard in the room; and learning his dislike of the moneyed class, she pretends she is just a companion in her own home. In this guise she undertakes to typewrite the manuscript of an opera that Quintard has written in competition for a large money prize offered by Sewall.

Quintard wins the prize, and going to the Caner home to tell his sweetheart the good news, he is most indignant to learn that she is none other than the great heiress, and considers himself duped all around.

The amusing developments of this remarkable situation constitute an end that is full of thrills and surprises, and thoroughly satisfactory, too.

### The Choice of Those Who Know

Manufacturers and leading motor car distributors recommend ZEROLENE. The majority of motorists use ZEROLENE. ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

### Correct Lubrication for the "V" Type Engine

This, the "V" type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

### GEO. W. MOORE MAKES STATEMENT TO VOTERS.

ANSWERS STATEMENT IN NEWS  
JUNE 28.

July 8, 1918.

To the Taxpayers and Electors of  
The Second Supervisorial District of  
Orange County:

In justice to myself and the voters  
of the Second district, I will answer  
some statements which were published  
in the Huntington Beach News June  
28, 1918.

The writer claims credit for the last  
ten years' county work, and I will  
answer him that way, but, in fact, he has  
not been in office that long, as he was  
appointed nine years ago and taking  
his chair in August, 1909. The writer  
also claims that the average county  
rate for the ten years, 1898 to 1908,  
was \$1.84, and the average rate from  
1908 to 1918 was \$1.595, showing a re-  
duction of 23 1/2 cents less than the  
prior ten years; but, in fact, the average  
rate from 1898 to 1908 was \$1.67 1/2,  
showing a reduction of 8 cents instead  
of 23 1/2.

The writer seems to take comfort  
out of the fact that the county tax  
rate is the same in 1917 as it was ten,  
eleven and twelve years ago. The  
statement shows that the assessed val-  
uation has been raised 200 per cent.  
We will take that for the fact, which,  
if it is so, then you have three times  
as much valuations to raise county  
funds. Do you need as large a rate?  
I think that a man conducting his own  
business would say no, for, if you did,  
you would have three times as much  
money.

Of course, he will come back and  
say that we have and are making  
more improvements on roads and ev-  
erything else than the county did ten,  
eleven and twelve years ago. In all  
of his boasting of what he has done  
during the time that he has been on  
the Board he says nothing about the  
\$1,270,000.00 Good Roads Bonds, and  
\$100,000.00 Bridge Bonds, and \$60,000-  
00 Hospital and Poor-Farm Bonds that  
the people voted on themselves dur-  
ing his term of office.

In regard to the news about other  
counties that are making similar pro-  
gress to ours, that the taxpayers have  
been paying, in addition to the forty-  
cent rate allowed by law, a special  
rate of twenty cents, which, had we  
done the same in this county, would  
have added one-half again as much to  
the amount of the budget for roads.

This is misleading in the way that  
it is put, as the counties that place  
the twenty-cent special rate on for  
roads, I understand, do not take any-  
thing out of the county general fund  
for roads as we do, and did in 1916 to  
the amount of \$89,853.05, of which the  
Second district got \$23,800.20, and of  
this amount \$23,461.32 was spent on  
the coast highway. While we are on  
this matter, let us see how much road  
money Orange county got in the year  
beginning July 1st, 1916, and ending  
July 1st, 1917. County General Fund,  
\$89,853.05; 2nd district, \$19,675.01;  
3rd district, \$41,771.56; 4th district,  
\$12,928.93; 5th district, \$32,450.54;  
automobile tax from state, \$26,814.74,  
making a total of \$223,493.33. Now,  
this is the amount of road fund that  
Orange county had to spend in one  
year on the roads, and does not in-  
clude any money remaining from the  
sale of bonds.

The statement: "I find in looking  
up the records that the combined as-  
sessed valuation of the 2nd Supervi-  
sorial district during the fiscal year  
1908-1909, ten years ago, was \$3,569-  
691.00 at a forty-cent rate, not deduct-  
ing for delinquent taxes, gave us for  
road purposes \$14,278.16. I find at the  
present time for the fiscal year 1917-  
1918 a total assessed valuation of the  
2nd district is \$5,180,520. With the  
same forty-cent road rate, we would  
have \$20,722.08 to portion out for the  
care and maintenance of 180 miles of  
county roads, including culverts,  
bridges and so forth."

You will see by the above statement  
that, while he may not say so in so  
many words, his statement leads you  
to think that the \$20,722.08 was all  
the money that he had to do all the  
road work that he speaks of. In fact,  
in taking the Auditor's report for the  
fiscal year 1916-1917, which is the last  
report that is out, it shows that there  
was paid out on roads in the 2nd dis-  
trict the following sums: County  
General Fund, \$23,800.20; Alamitos  
Road District, \$4,180.52; Bolsa Road  
District, \$1,459.16; Garden Grove Road  
District, \$3,405.52; Newhope Road Dis-  
trict, \$3,988.19; Westminster Road Dis-  
trict, \$6,641.42. Total, \$43,475.01. You  
will see by the total that he had more  
than twice the amount he speaks of  
in his statement. And that is not all,  
for there is nothing to show, as far as  
I have found, where the \$26,814.26 the  
state paid from automobile taxes to  
Orange county was spent, but I sup-  
pose that the amount was used on the  
paved roads, so we in the 2nd district  
got our share of it.

While we are on this subject, I will  
mention that in talking to different  
voters in the district they make the  
statement that my opponent states  
that he can get more money for the

2nd district than any other man can.

According to the assessed valuation  
in the fiscal year 1916-17, as stated  
above and shown by the figures taken  
from the Auditor's report, I do not  
think that he got the best of the su-  
pervisors of the other districts, and I  
do not think that it is the place of a  
supervisor to try to get more than his  
share of the money collected in taxes  
that should go to the different dis-  
tricts. The claim is also made that  
the farmers are much more able to  
pay their taxes now than they were  
ten years ago. I suppose that we can  
grant that; but what of it? Do you  
think that we should keep raising the  
taxes just because we are more pros-  
perous? That is, tax them all they  
will stand? But it seems that quite a  
lot of tax property owners are not able  
to pay their taxes, if we can judge by  
the delinquent tax list published in  
the papers. But, if they are, that is  
no reason that they should have to  
pay three times as much as they did  
ten or twelve years ago.

According to this candidate, during  
his administration they have received  
\$7,500,000.00 in County funds, and  
boasts of the few mistakes made.  
How about the Fifth street bridge,  
and the Olive-Anaheim bridge? Were  
these not mistakes? And the rock  
crusher; was it a mistake or not? All  
of these things have cost the county  
more than they ought. And the Santa  
Ana Canyon road; if that is a success,  
I do not know what a failure is. But  
I have not time to call your attention  
to all of the mistakes at this time;  
these are but a few of them.

He further states that "the good  
roads were built during one of the  
cheapest construction periods the  
world has ever known." If so, then  
he has nothing to boast of because  
they were built cheap. I think some  
of the work is of a cheap quality as  
well. In his statement he asks you  
to stop and realize that, notwithstanding  
an average reduction of 23 1/2 cents  
on the county tax levy, you have many  
improvements, whereas you had none  
the ten years before this. The im-  
provements most worthy of mention  
are good roads, bridges, county farm  
and hospital and detention home, im-  
provement of County Park, lecturing  
and advertising Orange county, the  
opening up of many miles of new  
roads, to all of which I know the peo-  
ple point with pride.

Why should you not have made all  
these improvements, when you had  
three times the assessed valuation to  
make your levy on; and yet the aver-  
age reduction in the tax levy was  
only 8 cents for the last ten years,  
and the money for good roads, bridges,  
and county hospital was raised by  
bond issue and not by direct tax.

With all the increased assessed val-  
uation, automobile tax and bond is-  
sues, the average tax levy for the  
past three years is \$1.86 1/2, which  
shows that in paying for these im-  
provements a raise in the tax levy has  
been necessary in spite of the great  
increase in the assessed valuation.

In his paragraph about the thrift  
and prosperity of Orange county, he  
leaves the impression that the super-  
visors, by their system of advertising,  
have increased the population 100 per  
cent and the assessed valuation 300  
per cent. What about the Drainage  
Districts that have organized and  
drained the land and made it more  
productive, and the Irrigation Dis-  
tricts, that have developed water, and  
the sugar factories and other indus-  
tries that have been established? Did  
the systematic advertising induce  
these? And also real estate firms mak-  
ing subdivisions and advertising their  
property far and wide?

Yours for an economical and busi-  
ness administration of county affairs.
